-what else? –

With the whole kit & kaboodle where we are onsite for your event,  
we usually arrive 45 minutes before your guests

(40 and under, only 30 minutes, 80 and over, 1 hour before) to unload and set up. We  
arrive from our kitchen with everything we need, platters, chopping boards, cocktail  
napkins, knives, tea towels, cleaning gear and super hero initiative.

We clean as we go, manage the guests to make sure everyone is fed and watered, remove rubbish and help guests during the night so you get to enjoy your party as much as everyone else.

If it's food only, we can deliver – pricing dependant on location, or feel free to collect from our kitchen in Lane Cove. Where no delivery charge is applied, we appreciate returned cleaned platters/equipment back to the kitchen within the following three days.

I love parties, eating and having fun. You should too.  
I even like organising, cooking and leaving your place neat & tidy afterwards.. It's the least we can do seeing we are invited to yours.
